

The Shade Can't Save You

Miss Fortune

A burden is on your mind
With pieces at the wayside
Used to never think twice

When you hit me like a heart attack
Say you're never coming back
I can't see your face again;
You're not my friend

It's time to face reality
You see my name in a marquee
Still you make problems for me
We'll always disagree

When you hide in the shadows
You're losing the battle
It's moving fast so
Just live your life

A heartache is on your mind
The pieces inside you died
Used to make most of life
With the dreams of an insomniac;
Composure of a maniac
You don't deserve my grace again
You're not my friend

It's time to face reality
You see my name in a marquee
Still you make problems for me
We'll always disagree

Hit me like a heart attack
Say you're never coming back
I can't see your face again;
You're not my friend

When you hide in the shadows
You're losing the battle
It's moving fast so
Just live your life

When you hide in the shadows
You're losing the battle
It's moving fast so
Just live your life

When you hide in the shadows
You're losing the battle
It's moving fast so
Just live your life

When you hide in the shadows
You're losing the battle
It's moving fast so
Just live your life
