Dangerous

Miss Li

Show them all we're dangerous
Screw that, let's be fucking burdens
Rug rats tearing down the curtains
Wiggle all around, make some ugly sounds
And show them all we're dangerous

Eyes be roaming strangers waiting to be burned
Lips be dragging wonder up until their turn
Do the dance for me, lift your pretty wings
And don't you know I'm dangerous
Fingers dripping, smearing, stories are untold
Tongues be flicking up until we all go home
Do your dance for me, lift your pretty wings
And let's all be dangerous

Screw that, let's be fucking burdens
Rug rats tearing down the curtains
Wiggle all around, make some ugly sound
And show them all we're dangerous
 (Show them all we're dangerous)
Free love pouring from a rainbow
Bathtub soaking up no shame no
Wiggle all around, make some ugly sound
And show them all we're dangerous
Show them all we're dangerous

So you-you-you're trying to linger cause you're told
People tire and then everything grows old
So do your dance for me and lift your pretty wings
Don't you know I'm dangerous
I just wanna hear the ba-bah-dum, ba-bah-dum (be-dum!)
Sing it from the top of your lungs
Screw that sneaky dance, take a tiny chance
And let's all be dangerous

Screw that, let's be fucking burdens
Rug rats tearing down the curtains
Wiggle all around, make some ugly sound
And show them all we're dangerous
 (Show them all we're dangerous)
Free love pouring from a rainbow
Bathtub soaking up no shame no
Wiggle all around, make some ugly sound
And show them all we're dangerous

Screw that, let's be fucking burdens
Rug rats tearing down the curtains
Wiggle all around, make some ugly sound
And show them all we're dangerous
 (Show them all we're dangerous)
Free love pouring from a rainbow
Bathtub soaking up no shame no
Wiggle all around, make some ugly sound
And show them all we're dangerous
Show them all we're dangerous

Show them all we're dangerous

Show them all we're dangerous
