

Lipstick killer, late night thriller
Silent picture show
Living out your fantasies
In a Hollywood bungalow
Crystal visions, indecisions
Eyes are cold and bleak
Losing your fire long before
You were tangled in her mystique
Big time dreamer, no redeemer
Dreams in black and white
Neon angels hold you
In the darkest part of night
Neon angels hold you
In the darkest part of night

In the darkest part of night
In the darkest part of night
