Missing Persons

This time
Won't be the last time
This time
Won't be the last time

Feeling insane
Try to contain
From inside
They curse and they bless
No need to confess
From their lies

This time
Won't be the last time
This time
Won't be the last time

No more misery, no more pain
Luck is for the lucky and the world's gone insane
The world's gone insane
No more misery, no more pain
Luck is for the lucky and the world's gone insane
And the world's gone insane

This time
Won't be the last time
This time
Won't be the last time

Feeling insane
Try to contain
From inside
