

# Demons

MISSIO

I feel I am letting go and that makes me angry  
Because I'm not who I want to be  
It seems like I'm fading and that makes me terrified  
Because I'm not who I want to be

Will I know when my life is done  
Will I like when the air is gone  
Will I take one last breath  
Will I hurt when I meet my death

Ayyye boy what the fuck you think you doing here  
This is hell, don't you know that you were coming here  
I've been playing with your demons all day  
I've been playing with your demons all day

Ooooh  
You got many  
You got many  
You got many Demons  
Ooooh  
You got many  
You got many  
You got many Demons  
Ooooh  
Ooooh

I like to be in control when I'm feeling overwhelmed  
'Cause I'm just now who I want to be  
I will not apologize when I'm at my happiest  
'Cause I'm just now who I want to be

Will I know when my life is done  
Will I like when the air is gone  
Will I take one last breath  
Will I hurt when I meet my death

Ayyye boy what the fuck you think you doing here  
This is hell, don't you know that you were coming here  
I've been playing with your demons all day  
I've been playing with your demons all day

Ooooh  
You got many  
You got many  
You got many Demons  
Ooooh  
You got many  
You got many  
You got many Demons

Will I take one last breath  
Will I hurt when I meet my death

Ayyye boy what the fuck you think you doing here  
This is hell, don't you know that you were coming here  
I've been playing with your demons all day  
I've been playing with your demons all day

Ooooh  
You got many  
You got many  
You got many Demons  
Ooooh  
You got many  
You got many  
You got many Demons
