## MISSIO

I like your smile  
Your carefree style  
All vibes for miles  
You like me around  
Cause I'm from your hometown  
Let's light up, girl get down

Every time I close my eyes I know  
You're the only one that makes me whole  
Every time I close my eyes I know  
You're the only one that makes me

You're making me feel  
Easy, easy, easy  
You're making me feel  
Easy, easy, easy

You're making me feel  
Easy, easy, easy  
You're making me feel  
Easy, easy, easy

I didn't notice  
That I was frozen  
Kept losing focus  
Life sucks I know  
You make it less cold  
In tough times we grow

Every time I close my eyes I know  
You're the only one that makes me whole  
Every time I close my eyes I know  
You're the only one that makes me

You're making me feel  
Easy, easy, easy  
You're making me feel  
Easy, easy, easy

You're making me feel  
Easy, easy, easy  
You're making me feel  
Easy, easy, easy

Every time I close my eyes I know  
You're the only one that makes me whole  
Every time I close my eyes I know  
You're the only one that makes me

You're making me feel  
Easy, easy, easy  
You're making me feel  
Easy, easy, easy

You're making me feel  
Easy, easy, easy  
You're making me feel

Easy, easy, easy

You're making me feel
