

Time

MISSIO

I hold a lot of anger deep inside me
I know you know
(I know you know)

The world is fucked I'm scared of war and violence
I know you know
(I know you know)

Time goes where you are

The temperature is rising on this hell-hole
I know you know
(I know you know)

The rich are full from trampling over bodies
I know you know
(I know you know)

Time goes where you are

(Mmmmm)

Time goes where you are

(Mmmmm)

Disrespect is something I don't go for
I know you know
