

## Vagabond (Stripped)

MISSIO

I once made you a simple promise  
That I would share my dreams with you  
Maybe this all became a big mess  
When everything I dreamed came true

Hurting people, hurt people  
It's hard to understand  
There's a million ways to fix us  
Screaming like a broken man

Ah, ah  
Ah, ah

Am I lost in some addiction  
Or just chasing state of mind?  
We are trapped by my ambitions  
I don't mean to sound unkind

Hurting people, hurt people  
It's hard to understand  
There's a million ways to fix us  
Screaming like a broken man

Vagabond  
Is that what you want?  
I'm a vagabond  
Is that what you want?  
I'm a vagabond  
Is that what you want?  
I'm a vagabond  
Is that what you want?  
I'm a vagabond  
Is that what you want?  
I'm a vagabond  
Is that what you want?  
Is that what you want?  
Is that what you want?  
Is that what you want?

I'm a vagabond  
Is that what you want?
