

First Shot Missed Him

Mississippi John Hurt

The first shot missed him, a mile away
The last shot got him, so they say
Oh, the last shot got him
Oh, the last shot got him

She cooked good biscuits, so they say
Oh, she cooked good biscuits, so they say

Oh, she got good business, so they say
She got good business, so they say

She got good business
Oh, she got good business
I wanna trade with you, so they say
I wanna trade with you, so they say
Well, wanna trade with you

Oh you got good business, so they say
You got good business, so they say
You got good business
Oh, you got good business
