Let's take the train to anywhere
I wanna feel the wind in my hair with you
Let's tell them all, that soon they'll know
How very wrong they were to think we'd never go

And if you tell me yours I'll tell you mine
And we will clean the cobwebs out of one another's minds

Don't ever say you've tried To leave me in this life Don't ever say you've tried For the last time

We'll get a house where the trees hang low
And pretty little flowers on our window sill will grow
We'll make friends with the milk man
And the butcher Mr. Timms will give us discounts when he can

And if you tell me yours I'll tell you mine
And we will clean the cobwebs out of one another's minds

Don't ever say you've tried To leave me in this life Don't ever say you've tried For the last time

La di da di da La di da di da La di da di da Di da di da Oh ohh

Don't ever say you've tried To leave me in this life Don't ever say you've tried To leave me in this life Don't ever say you've tried For the last time, babe
