

Don't Ever

Missy Higgins

Let's take the train to anywhere
I wanna feel the wind in my hair with you.
Let's tell them all, that soon they'll know
How very wrong they were to think we'd never go,

And if you tell me yours I'll tell you mine
And we will clean the cobwebs out of one another's minds.

Don't ever say you've tried to leave me in this life
Don't ever say you've tried for the last time.

We'll get a house where the trees hang low and pretty little flowers
On our window sill will grow
We'll make friends with the milk man and the butcher Mr. Timms
Will give us discounts when he can,

And if you tell me yours I'll tell you mine,
And we will clean the cobwebs out of one another's minds.

Don't ever say you've tried to leave me in this life
Don't ever say you've tried for the last time
LA DI DA DI DA...

Don't ever say you've tried to leave me in this life
Don't ever say you've tried to leave me in this life
Don't ever say you've tried for the last time...
