

## Warm Whispers

Missy Higgins

Your warm whispers  
Out of the dark they carry my heart  
Your warm whispers  
Into the dawn they carry me through  
And I'm weeping warm honey and milk  
That you stay surrounding me, surrounding me

Your warm whispers  
Letting me drown in a pool of you  
Your warm whispers  
Keeping the noise from breaking through  
And I'm weeping warm honey and milk  
That you stay surrounding me, surrounding me  
Yeah, I'm weeping warm honey and milk  
That you stay surrounding me

Your warm whispers  
Your warm whispers

And I'm weeping warm honey and milk  
Your warm whispers  
Yeah, I'm weeping warm honey and milk  
Your warm whispers

(But you're gone)

Your warm whispers  
(But you're gone, you're gone  
You're gone you're gone  
You're gone you're gone)

Your warm whispers  
(But you're gone, you're gone  
You're gone you're gone  
You're gone you're gone)

Your warm whispers  
(But you're gone, you're gone  
You're gone you're gone  
You're gone you're gone)
