

Sideways

MisterWives

I'm a ticking ticking time bomb
Keep making everybody happy fuck what I want
I think it's time to flip the switch and turn the lights on
Go turn the lights on (you know you gotta turn the lights on, lights on)

Cause you've been tripping on your ego
And I've been bending over backwards I'm in limbo
Slipping further away every time I get close
Keep me in the nosebleeds
You're in the front row, the front row

Play it cool while I'm mentally leaving the room
(Ahh ahhhhh)
Never knew I was so good at concealing the truth

You got me sideways
Screaming it out on the highway
You got me running out of reasons for me to keep believing in this
You got me sideways
Heart beating faster than lightning
And all I know is I gotta let you go
I gotta let you go
Go, oh oh oh oh ohhh
And all I know is I gotta let you go
I gotta let you go

Insanity has me repeating
How many different ways can I say that I'm leaving?
Cause romanticizing the truth is so deceiving
Should have believed you the first time you left me bleeding, bleeding

Play it cool while I'm mentally leaving the room
(Ahh ahhhhh)
Never knew I was so good at concealing the truth

You got me sideways
Screaming it out on the highway
You got me running out of reasons for me to keep believing in this
You got me sideways
Heart beating faster than lightning
And all I know is I gotta let you go
I gotta let you go
Go, oh oh oh oh ohhh
And all I know is I gotta let you go
I gotta let you go

Go, oh oh oh oh ohhh
Let you go
Go, oh oh oh oh ohhh
(Let you go)

Been tripping on your ego
And I've been bending over backwards I'm in limbo
Slipping further away every time I get close
Keep me in the nosebleeds
You're in the front row, the front row
