

# SUPERBLOOM

MisterWives

Resilient little thing  
Just like mama made you  
No one needs to save you  
A-na-na, a-na-na, a-na-na  
Wildflower in the spring  
No, they can't contain you  
Through the cracks you break through  
A-na-na, a-na-na, a-na-na

I deserve congratulations  
'Cause I came out the other side  
I've been having revelations  
And I'm gonna let them shine  
I deserve congratulations  
I never thought that I'd survive  
If you tell me I won't make it  
That's when I, that's when I

Superbloom  
Superbloom  
Superbloom  
Superbloom

Resilient little thing  
Just like mama raised you  
So you've got that  
Wildfire in your soul  
Don't you ever let it go  
Make it burn so bright  
That they all know

I deserve congratulations  
'Cause I came out the other side  
I've been having revelations  
And I'm gonna let them shine  
I deserve congratulations  
I never thought that I'd survive  
If you tell me I won't make it  
That's when I, that's when I

Superbloom  
Superbloom  
Superbloom  
Superbloom  
Superbloom  
Superbloom  
Superbloom  
Superbloom

Never rained in the desert, till I  
Picked me for the very first time  
It's darkest before the sunrise  
That's when I

Never rained in the desert, till I  
Picked me for the very first time  
It's darkest before the sunrise

That's when I

Superbloom  
Superbloom  
Superbloom  
Superbloom

I deserve congratulations  
'Cause I came out the other side  
I've been having revelations  
And I'm gonna let them shine  
I deserve congratulations  
I never thought that I'd survive  
If you tell me I won't make it  
That's when I, that's when I

Superbloom  
Superbloom  
Superbloom  
Superbloom  
Superbloom (yeah, I deserve congratulations)  
Superbloom ('cause I came out the other side)  
Superbloom (if you tell me I won't make it)  
Superbloom (that's when I)
