

# Fling Wide

Misty Edwards

Awake, awake o north wind,  
Awake awake o south wind  
Blow over me

Come o winds of testing  
Come winds of refreshing  
Blow over me

Awake, awake o north wind,  
Awake awake o south wind  
Blow over me

Come o winds of testing  
Come winds of refreshing  
Blow over me

Let the winds blow(15x)

Fling wide the door to my soul  
Open up the door to my heart  
Have your way, have your way  
Have your way yeah

I won't be afraid  
I will face the wind  
I won't be afraid  
I'll embrace the flame

Let the winds blow(15x)

Fling wide the door to my soul  
Open up the door to my heart  
Have your way, have your way  
Have your way yeah

Fling wide the door to my soul  
Open up the door to my heart  
Have your way, have your way  
Have your way yeah

Take me through the fire  
Take me through the rain  
Take me through the testing  
I'll do anything  
Test me try me prove me refine me  
Like to gold, like to gold

Fling wide the door to my soul  
Open up the door to my heart  
Have your way, have your way  
Have your way yeah

Fling wide the door to my soul  
Open up the door to my heart  
Have your way, have your way  
Have your way yeah

Take me through the fire  
Take me through the rain  
Take me through the testing  
I'll do anything  
Test me try me prove me refine me  
Like to gold, like to gold
