

Until the Day Breaks

Misty Edwards

Until the day breaks
Until the share free way
I will go my way
To the mountains

I will sing the songs
That awaken the dawn
And I will usher in Your appearing
It is Your face that I crave
And its Your presence that I long for
Your kingdom come
And when you're still upon my heart
Stronger than the grave
Set me Ablaze

And from the ends of the Earth
We hear this song...
Glory to the Righteous One!

And Espirit and Bride say come
