

Beautiful Stranger

Mitch James

How do we find ourselves here
Talking for hours but it felt like years
Like someone answered my prayers
I've known you forever my dear

Lost in our ocean
Melting the walls in slow motion
Can we stay in this moment?

Cause I don't know you
But I want to
Share my secrets
Open up to you
Take the pieces
Of my heart here
In the dark
I've always known you
Beautiful stranger

Fell like a moth to a flame
Scared half to death but I know I'm ok
It's like your eyes already knew my name
I don't think I'll ever be the same

Feels like we're floating
I'm under your spell and you know it
Can we stay in this moment?

Cause I don't know you
But I want to
Share my secrets
Open up to you
Take the pieces
Of my heart here
In the dark
I've always known you
Beautiful stranger

I don't know you
But I want to
Share my secrets
Open up to you
Take the pieces
Of my heart here
In the dark
I've always known you
