

Lucid

Mitch James

Another day in paradise to see
Movement of the ocean, the air we breathe
When you finally go away, I think you'll see
Perfect storms where different worlds can meet

Well, I don't ever want to leave this place
Billy Mavericks everyday
The party starts when we say, but they don't know what to say

When we're sitting in the steeple of our castle
We're losing all of our minds, and we'll find them in time
We're living lucid
You call it stupid
We're living all of our dreams, but they're the only thing we see
We're living lucid, we're living lucid
We're living lucid, oh we're living lucid

Sound is amplified, but I hear you loud and clear
It's dangerous out there, you better watch out for the chinks in your armor
I never mean to harm her, deserving all this karma
It's coming my way

Well, I don't ever want to leave this place
Billy Mavericks everyday
The party starts when we say, but they don't know what to say

When we're sitting in the steeple of our castle
We're losing all of our minds, and we'll find them in time
We're living lucid
You call it stupid
We're living all of our dreams, but they're the only thing we see
We're living lucid, we're living lucid
We're living lucid, oh we're living lucid

Well, I just don't know what to say
It seems my head is buried in haze
Well, I just don't know what to say
It seems my head is buried in haze

When we're sitting in the steeple of our castle
We're losing all of our minds, and we'll find them in time
We're living lucid
You call it stupid
We're living all of our dreams, but they're the only thing we see
We're living lucid, we're living lucid
We're living lucid, oh we're living lucid
