

# No Getting Older

Mitch James

I couldn't figure it out  
I was so lost in the moment, moment  
Getting high by myself  
It didn't stop me from falling, falling on my face  
Down  
I didn't know what to do  
When I was face  
Down

I was no good till I saw you  
For the first time  
I swear you saved my life  
And even though time  
Is never on our side  
I know we'll be fine you always seem to ease my mind  
So let the years roll by  
There's no getting older with you  
You  
You  
You

You got me all figured out  
I don't know how you felt something, something  
You were the one who showed me  
That it takes more than just breathing, breathing to feel alive  
I, I don't know what I'd do if you're not by  
My side

I was no good until I saw you  
For the first time  
I swear you saved my life  
And even though time  
Is never on our side  
I know we'll be fine you always seem to ease my mind  
So let the years roll by  
There's no getting older with you

Time is frozen when I'm next to you  
Feels like we'll stay forever young  
AND i don't care about the things we do  
Or where we're headed to  
Cause I know I won't come undone

I was no good until I saw you  
For the first time  
I swear you saved my life  
And even though time  
Is never on our side  
I know we'll be fine you always seem to ease my mind

I was no good until I saw you  
For the first time  
I swear you saved my life  
And even though time  
Is never on our side  
I know we'll be fine you always seem to ease my mind

So let the years roll by  
There's no getting older  
Let the years roll by  
There's no getting older with you  
You  
You  
You
