

Saving Time

Mitch James

Rising from
Ashes of my adolescence
Well I guess it's where I'm running from
To find
A state of mind where I don't have to climb no higher
I just look at you and me

Saving time
Put your watch away, we'll be just fine
There's a lack of shooting stars to see
That used to get the best of me
But I swear you get the best in me
When we're saving time
Saving time

Times when I'm away
I swear I can't stop thinking 'bout you, do you feel the same?
It's dizzy in my brain
It's like I'm stumbling home again
And you're the paper to my pain, and I'm writing all about when we we
re

Saving time
Put your watch away, we'll be just fine

There's a lack of shooting stars to see
That used to get the best of me
But I swear you get the best in me
And we're saving time
Saving time

Can't think of the words to say, have we got it made?
Coming in from every angle, are we gonna cave?
Blurring all of the lines, you cut it so fine
I don't mind, you still own mine when

Saving time
Put your watch away, we'll be just fine
There's a lack of shooting stars to see
That you still get the best of me
But I swear you get the best of me

Saving time
Put your watch away, put your watch away
Saving time
No, we're saving time
