

Demon or Ghost

Mitchell Tenpenny

Demon or ghost

Monday night and I'm drunk again
And I know you left my message unread
I lost hope, it's too bad that I let you hurt me
It's too bad I want you to want me
Can't get you out of my head

I feel your arms wrapped around me
I sober up, but you still drown me
I hear your voice in every word I say

Are you gonna haunt this house or burn it down
And be everywhere I go?
Are you just a memory of a thing that was
Or just tryna steal my soul?
Am I seeing things or caught in flames?
Yeah, lately I don't know
I got this feeling that I'm dealing with a demon or ghost

Is it too late? Can I ever be saved?
And I pray that someone takes your place
And oh, it's too bad I don't know what real is
It's too bad I can't tell the difference
Am I dead or do you exist?
Am I dead or do you exist?

Are you gonna haunt this house or burn it down
And be everywhere I go?
Are you just a memory of a thing that was
Or just tryna steal my soul?
Am I seeing things or caught in flames?
Yeah, lately I don't know
I got this feeling that I'm dealing with a demon or ghost

Are you even here or are you just a dream?
Will you disappear or just follow me?
Can't tell if it's fear or amphetamine
Might as well bury me
'Cause you got the best of me
I know you'll find me
You're right behind me everywhere I go
Are you a demon or ghost?
Demon or ghost
Demon or ghost

Are you gonna haunt this house or burn it down
And be everywhere I go?
Everywhere I go
Are you just a memory of a thing that was
Or just tryna steal my soul?
Tryna steal my soul
Am I seeing things or caught in flames?
Yeah, lately I don't know
Lately I don't know
I got this feeling that I'm dealing with a demon or ghost

Are you even here or are you just a dream?
Demon or ghost
I can't tell if it's fear or amphetamine
Might as well bury me
'Cause you got the best of me
Demon or ghost
