

Long as You Let Me

Mitchell Tenpenny

I've said I'm sorry one too many times
But nobody forgives me like you
I've stood my ground when I knew you were right
But no one makes up like we do

Stronger than a diamond
My peace of mind is
You by my side

I'm gonna love you as long as you let me
As long as you want me then, baby, you get me, oh, you get me,
girl
You're the one that I run to when I'm running on empty
So, I'm gonna love you
Love you as long as you let me

As long as your lips wanna keep kissing mine
Then I'll keep leaning in
When you lay down and you're closing your eyes
Hope it's our bed you're sleeping in

I'm gonna love you as long as you let me
As long as you want me then, baby, you get me, oh, you get me,
girl
You're the one that I run to when I'm running on empty
So, I'm gonna love you
Love you as long as you let me
Love you as long as you let me

I'm gonna love you as long as you let me
As long as you want me then, baby, you get me
Oh, you get me, girl
You're the one that I run to when I'm running on empty
So, I'm gonna love you
Love you as long as you let me
