

# Sleeping Alone

Mitchell Tenpenny

I've been better for weeks, been hanging out with the guys  
Finally getting some sleep, back to living my life  
I just found a hair tie under your side of the bed  
And here I go, down a rabbit hole

I don't care if you're flirting  
Drinking with somebody at a party

But are you sleeping alone  
Wrapped in your sheets  
Having a smoke while you're watching TV  
With the light in the hall, you never turn off  
Dress on the floor, sweatpants on  
If I called you and you picked up  
Would I really wanna know  
Are you sleeping alone?  
Are you sleeping alone?

Yeah, I shouldn't feel bad for just trying to move on  
Yeah, I took out a new girl, and then I took her home  
The whole time I was with her I was thinking about you  
And if you're doing the same thing  
'Cause it'd kill me if you ain't

Still sleeping alone  
Wrapped in your sheets  
Having a smoke while you're watching TV  
With the light in the hall, you never turn off  
Dress on the floor, sweatpants on  
If I called you and you picked up  
Would I really wanna know  
Are you sleeping alone?  
(Are you sleeping?)  
Are you sleeping alone?

(Are you sleeping?)  
(Are you sleeping?)  
(Are you sleeping?)

I don't care if you're flirting  
Drinking with somebody at a party  
And I don't care if he takes you home and kisses you goodnight  
As long as you say goodbye

And keep sleeping alone  
Keep sleeping alone

Keep sleeping alone  
Wrapped in your sheets  
Having a smoke while you're watching TV  
With the light in the hall, you never turn off  
Dress on the floor, sweatpants on  
If I called you and you picked up  
Would I really wanna know  
(Oh, would I really wanna know?)  
Are you sleeping alone? (Are you sleeping alone?)  
Are you sleeping alone? (Are you sleeping alone?)

(Are you sleeping alone?)  
(Are you sleeping alone?)  
(Are you sleeping alone?)  
(Are you sleeping alone?)  
(Are you sleeping alone?)

Are you sleeping all alone, girl  
(Are you sleeping?)  
Are you sleeping, baby  
(Are you sleeping?)  
Are you sleeping, baby, all by yourself  
(Are you sleeping?)  
(Are you sleeping?)  
Oh, I can't imagine you with anybody else  
(Are you sleeping?)  
(Are you sleeping?)  
(Are you sleeping?)  
(Are you sleeping?)
