

## In the Forest of Moonlight

Mithotyn

In the forest of moonlight  
the secrets of ancient battler are hidden.  
But in the northern lands  
the memory of the brave still remain.

Between the trees at the meadow  
the sounds of war still echoes.  
In the grass at the meadow  
the blood still flows.

In the forest of moonlight  
the secrets of ancient battler are hidden.  
Forever they are lost.

At the meadow in the forest  
all of them died by sword,  
to step into the neverending fight  
at the hall of our lord.
