

# Back To Me

MitiS

There's a light at the edge of the waters  
As I sink and I fall I wonder where I lost it all  
And in that moment I knew  
I was better than this because of you

You saved me  
And made me  
Feel brand new  
You saved me  
Before I fell  
Deeper into the blue

And I don't know what to do without you  
I don't know what to say but I'm trying to say it out loud  
And let you know that you need to know that  
You can always come back to me  
Always just come back to me  
You can always come back to me  
Always just come back to me  
You can always come back to me

You can always come back to me

You can always come back to me

You and I we're alive like the waters  
We always try to keep from going under  
You make me wanna be better  
You made me wanna stay forever

You save me  
And made me  
Feel brand new  
You saved me  
Before I fell  
Deeper into the blue

And I don't know what to do without you  
I don't know what to say but I'm trying to say it out loud  
And let you know that you need to know that  
You can always come back to me  
Always just come back to me  
You can always come back to me  
Always just come back to me  
You can always come back to me

You can always come back to me
