

## For Miles & Miles

MitiS

When you're trying to tell me I'll never make it  
When you want to show me how  
Always you could be my shelter  
I can't think with you around

So go  
Can you let me go, go  
Can you let go  
It's time to say goodbye and turn around  
And close the door  
Don't think just walk away and forget me  
It's like it was before

Cause you can't help but hold me down  
When you're feeling helpless without the hand of another  
I can't understand why you'd want to guard that love  
You can't help but hold me down  
When you're feeling helpless without the hand of another  
I can't understand why you'd want to guard that love

When you're trying to keep me back with your doubting  
When you're never going to say you're proud  
And I don't know how to keep it going  
Wish it could work with you somehow  
Wish it could work with you somehow

Cause you can't help but hold me down  
When you're feeling helpless without the hand of another  
I can't understand why you'd want to guard that love  
You can't help but hold me down  
When you're feeling helpless without the hand of another  
I can't understand why you'd want to guard that love

When you're trying to keep me back with your doubting  
When you're never going to say you're proud  
And I don't know how to keep it going  
Wish it could work with you somehow  
Wish it could work with you somehow  
Could work with you somehow  
Wish it could work with you somehow

Hey

Cause you can't help but hold me down  
When you're feeling helpless without the hand of another  
I can't understand why you'd want to guard that love  
You can't help but hold me down  
When you're feeling helpless without the hand of another  
I can't understand why you'd want to guard that love
