

It's All You

MitiS

I remember the days
When life had a summer fade
And all our nights were for dreaming away

But I got off the track
I lost control so fast
And life wouldn't take me back
So I held to the thought of what we had

It's all you
You're the one
That lifts me up
When I can't move
In this life
I'm not alone

You make it all come together
When my whole worlds torn apart
The only one to make it better
It's all you
It's all you
It's all you

You wrote my story before I knew
You took my worries, and made me new
When I look back
I don't have to ask

When I got off the track
I lost control so fast
And life wouldn't take me back
So I held to the thought of what we had

It's all you
You're the one
That lifts me up (You're the one who lifts me up)
When I can't move
In this life
I'm not alone (Not alone)

You make it all come together
When my whole worlds torn apart
The only one to make it better
It's all you
(You're the one who lifts me up, lifts me up)
(You're the one who lifts me up)
It's all you
