

# Mercy

MitiS

I don't wanna go away  
Cause I don't wanna go away

Everything I did to put my heart away  
So I could be free of what it had to say  
But I don't need a heart to tell me there is something here  
Waking up a part of me I haven't seen in years

Will have you some mercy and just let me walk away?  
Cause I can't take another broken heart or big mistake  
So let me go, let me go back to the dark  
Let me go, cause I don't wanna have a heart

Don't wanna have a heart  
Don't wanna have a heart  
So let me go, let me go back to the dark  
Let me go  
So let me go

Don't wanna have a heart

I won't let my feelings get the best of me  
I prefer to stay where it is cold but free  
Cause I have got experience to say it's dangerous  
I would like to keep on being me and never us

Will have you some mercy and just let me walk away?  
Cause I can't take another broken heart or big mistake  
So let me go, let me go back to the dark  
Let me go  
So let me go

Don't wanna have a heart

I don't wanna go away  
Cause I don't wanna go away  
I don't wanna go away  
Cause I don't wanna go away
