

# Stay

MitiS

Listen  
I'm alone again  
But I'm missin'  
The breath of you

You got me  
In a daze  
Tryna find my way  
Through the night  
Right now  
You know it  
Ain't the same  
If you're not with me  
You know

So could you hold me down  
I need your help tonight  
If you could just stay awhile  
And bring me to the light

Can you  
Open up my mind?  
Can you  
Bring me to the light?

Oh won't you bring me one more time  
Can't you just bring me back to life

Glisten  
For me again  
It's just different  
When I'm with you here

You got me in a maze  
Tryna find what I've seen through the walls  
Be lucky if I make it out  
So that I can be there for it all

So could you hold me down  
I need your help tonight  
If you could just stay awhile  
And bring me to the light

Can you  
Open up my mind?  
Can you  
Bring me to the light?

Oh won't you bring me one more time  
Can't you just bring me back to life
