

## I Guess

Mitski

I guess, I guess  
I guess this is the end  
I'll have to learn  
To be somebody else

It's been you and me  
Since before I was me  
Without you I don't yet know  
Quite how to live

If I could keep  
Anything of you  
I would keep  
Just this quiet after you

It's still as a pond  
I am staring into  
From here I can say  
Thank you  
From here I can tell you  
Thank you
