

I'm Your Man

Mitski

You're an angel, I'm a dog
Or you're a dog and I'm your man
You believe me like a God
I destroy you like I am

I'm sorry I'm the one you love
No-one will ever love me like you again
So when you leave me, I should die
I deserve it, don't I?

I can feel it getting near
Like flashlights coming down the way
One day you'll figure me out
I'll meet judgement by the hounds

People always gave me love
Others were never to blame after all
You believe me like a God
I betray you like a man
