One two, one two
One two three, one two three
One two three four
One two three four five

One two, one two
One two three, one two three
One two three four
One two three four five

Number one
I'll come over
I'll be dressed like your best idea
Number two
You'll be gentle
Then number three
You will ruin me
Number four
I'm nobody's anyone anymore
So five
I'll be alone for a while
But I'm only crying 'cause it feels good

I'll have a new hair cut
I will be somebody else
And when I leave my body
Please pretend that you don't see
How I'm no longer there
Behind my eyes
Then six in the morning
I'll be woken up
By that old light
That old light
That old light
That old light

One two, one two
One two three, one two three
One two three four
One two three four five

One two, one two three
One two three four
One two three four five
One two three four five
Six
