

# Ordinary

Miya Folick

Put my t-shirt on  
Look at myself and yawn  
Is it okay to be ordinary?

Take chemicals  
To try to be more whole  
Maybe a fractions all I'm meant to feel

I can't have it all  
And I wouldn't want to  
I can't have it all  
And I wouldn't want to

Put your makeup on  
Sit on the bed and watch  
I love the way you care  
Enough to comb your hair

I take my t-shirt off  
I know it's what you want  
I love your love for me  
So ordinary

I can't have it all  
And I wouldn't want to  
I can't have it all  
And I wouldn't want to

Our life is small but it's big enough for me  
I don't need any fancy things oh  
Our life is small but it's big enough for me

I can't have it all  
And I wouldn't want to  
I can't have it all  
And I wouldn't want to  
I can't have it all  
And I wouldn't want to  
I can't have it all  
And I wouldn't want to
