

Shortstop

Miya Folick

I'm overjoyed to be home
Red eye to LA, through customs
But then I can't sleep at night
I'm always distracted by
Construction and street lights
And feeling alone

Climb Griffith park at sunrise
Somebody tagged the Hollywood sign
We all want to make it
Humiliating to admit
How much we need it
And how we're alone

If you don't smoke now
You'll be smoking
If you don't drink yet
You'll be drinking
If you don't dance free
You'll be dancing
Meet me at the Shortstop
No need to get dressed up
Meet me at the Shortstop

If you don't quit now
You're a dead end
Quit that juul
Quit that drink
Get some new friends
Get your work hard / play safe balance
Meet me at the Shortstop
No need to get fucked up
Meet me at the Shortstop

If you don't smoke now
You'll be smoking
If you don't drink yet
You'll be drinking
If you don't dance free
You'll be dancing
Meet me at the Shortstop
No need to come dressed up
Meet me at the Shortstop

If you don't quit now
You're a dead end
Quit that juul
Quit that drink
Get some new friends
Get your work hard / play safe balance
Meet me at the Shortstop
No need to get fucked up
Meet me at the Shortstop

If you don't smoke now
You'll be smoking
If you don't drink yet

You'll be drinking
If you don't dance free
You'll be dancing
