

So Clear

Miya Folick

I was down like you see in the movies
Crying on the bathroom floor
Blaming everybody around me
Hating myself more

I was desperate like you read in the paper
Screaming in oblivion
I was alone in a lonesome place til I finally said I'm done

10,000 days of waking up
I pull myself out of the dust
I'm sun and sea
So suddenly
So clear to me so clear to me

I was torn between two bad decisions
Standing on the side of the road
Looking in the eyes of a strange
Who told me I'd be nothing alone
But I said no, no
Just watch me go

10,000 days of waking up
I pull myself out of the dust
I'm sun and sea
So suddenly
So clear to me so clear to me

10,000 days of waking up
I pull myself out of the dust
I'm sun and sea
So suddenly
So clear to me so clear to me
