

Thingamajig

Miya Folick

All the hands I've made
Grow in time
Feel my light
Your plastic bones are mine

If you want to be angry
I don't mind, I'll let you go
If you want to be angry
I don't mind, I'll leave you alone

I am sorry
I know I am wrong

So take it all
I want to be out of control
So take it all
I want to be out of control

I am smiling wide
I'm the reason the sky is blue
Careful design
Was poured into me and poured into you

If you want to be angry
I don't mind, I'll let you go
If you want to be angry
I don't mind, I'll leave you alone

I am sorry
I know I am wrong

Only you know what to do now
Only you know what to do
