

Another Place

MJ Lenderman

Would've told you sooner
But I'm man enough to admit
We've had some good times
Ourselves

For a second there
You even had me scared
That I was ready to settle down

Would've told you sooner
But I thought I could fight it off
Now I see what's really
In the way

It ain't me
It ain't her
It's you, sweet baby girl
You should find another place to stay

Would've told you sooner
But I hate to see you cry
But I'm tired of livin'
This life

I'm in love with Cindy Lou
And we send our best to you
You should find another
Place to stay
