Ghost Town

MJ Lenderman

I've been living in a ghost town
I've been living in a ghost town
Not sure when I'll go home now
Because I know what it's like
To walk beside you
And to lay beside your lovin'
But now all I know
Is the way
Of heartbreak

There's been distance
There's been patience
And work
But workin' love
Is the only love
That is true
Workin' love
Is the only love
That is true

I will work for you
I will work for you

I've been living in a ghost town
I am living in a ghost town
Not sure when I'll come down
