

Infinity Pool

MJ Lenderman

We were on top of the world
There was an infinity pool
A view of the city's night skyline
We were shitfaced

Top of the world

My friends were wondering
"How do we get him down from there?
He's on top of the world."
I was on top of the world

There's one thousand stars in the sky tonight
It's a beautiful night
Life is good
I'm on top of the world
