

Knockin'

MJ Lenderman

We saw John Daly sing Knockin' on Heaven's Door
Bird calls comin' from the rafters at the hardware store
They took my drivers license
But you still have yours
You're all I need babe
Yeah you've heard that one before
You're all I need babe

Loneliness is simple
Not much else is
Her love for me is real
She gives what she has to give
She gave me wings
And I caught flight
And I think I might be knock knock knock knock knock knock knock knock
kin' on Heaven's door tonight
Knock knock knock knock knock knock knock knockin' on Heaven's door t
onight
