

## Rip Torn

MJ Lenderman

Guess I'll call you Rip Torn  
The way you got tore up  
Passed out in your Lucky Charms  
Lucky doesn't mean much

You need to drink some water  
It'll kill the need to puke  
You need to learn  
How to behave in groups

You said, "There's men and then there's movies  
Then there's men and Men in Black"  
You said, "There's milkshakes and there's smoothies"  
You always lose me when you talk like that

If you tap on the glass  
The sharks might look at you  
Damned if they don't  
And you're damned if they do
