

Rudolph

MJ Lenderman

Rudolph waking up in the road
Dew dripping off his red nose
Blue and black tire track torn
Through a beautiful doe

Deleted scene of Lightning McQueen
Blacked out at full speed

How many roads must a man walk down till he learns
He's just a jerk who flirts with the clergy nurse till it burns

I wouldn't be in the seminary if I could be with you
If I could be with you

I wouldn't be in the seminary if I could be with you
If I could be with you
If I could be with you
