

## Wristwatch

MJ Lenderman

So you say I've got a funny face  
It makes me money  
So you say I've wasted my life away

Well, I got a beach home up in Buffalo  
And a wristwatch that's a compass and a cell phone  
And a wristwatch that tells me you're all alone

I'd still take your Amazing Grace  
I'd give all my money  
And I'd still take your pretty face

And I've got a houseboat docked at the Himbo Dome  
And a wristwatch that's a pocket knife and a megaphone  
And a wristwatch that tells me I'm on my own  
And a wristwatch that tells me I'm on my own
