

Are You Looking Up

Mk.gee

Rylee just waits on
Somebody to give her new light
With the heaviest weight on
A miracle to cut me slack

So are you looking up?
Are you asking why?
'Cause if you wanna go
Then baby, go wild
Yeah, I can shift shapes
But I can't deny
Baby, we can put it all to rest
Just for one night

What's keeping you fenced off?
And who's got the power in your mind?
How're you gonna waste it all
When somebody's playing to no one every night

So are you looking up?
Are you asking why?
'Cause if you wanna go
Then baby, go wild
And I can shift shapes
But I can't deny
Yeah, we can put it all to rest
Just for one night
So are you looking up?
Are you asking why?
'Cause if you wanna go
Then baby, go wild
Are you looking for somebody
To put out your fire?
We can put it all to rest
Just for one night

Are you looking up?
Are you asking why?
If you wanna go
Then baby, go wild
Baby, I can shift shapes
But I can't deny
