

Candy

Mk.gee

Candy is all in my business
And if she's lookin' hard, she will find it (Mmm)
Candy, you're just wastin' time (Mmm)
Girl, you just like to fantasize
Yeah, Candy likes to fantasize

In the heat of the night, you come calling
Screaming like you lost all your conscience
Well, I repeat it time from time
The only one I fantasize
The only one I fantasize
You're the only one I fantasize

I've done some bad, I won't fake it
I got patterns, don't think I'll shake it
Ah, but you fucked up too, and that's fine
I cut you slack, you cut me mine
I cut you slack, you cut me mine

Candy is all in my business
And if she's lookin' hard, she will find it (Mmm)
Candy, you're just wastin' time (Mmm)
