

Alright, alright  
Tell me that it's alright, alright  
Welcome to your life  
Tell me, did you really give your all?  
Mmm

Yeah, I forget the words sometimes  
See, I forget to call sometimes  
Yeah, I can't even lie sometimes  
Girl, it won't be like this forever  
Mmm, girl

Ooh  
Everything hurts a little more in the summertime  
Everything hurts a little more in the summertime

Yes it does, yes it does

Does this make sense, no?  
Yeah, we won't be like this forever  
If twenty-two is not forever  
Yeah, you won't be here come December  
Come November

Everything hurts a little more in the summertime  
Mm, yeah, everything hurts a little more in the summertime  
(Yes, it does)

Ooh  
Everything hurts a little more in the summertime  
Everything hurts a little more in the summertime
