

I Want

Mk.gee

You're the best thing I know
But late at night, I still question
All of my mistakes, mmm
Somethin' in my head wants to reiterate, woah-oh-oh-oh

So tell me what you're dreaming about
'Cause I know that there's things you can't quite
Tell me all of the time
Every time you leave, a little part of me dies
But I want what I want
Yes, I want what I want
And I want
And I want (Ooh, ooh, ooh)

I do the best I can, you know
But lately, I am caught
Right inside of your line of fire
I'm not your hero
But I got his desire

And I want what I want
Yes, I want what I want
And I want
Yes, I want what I want
And I want

But lately, I am caught
Right inside of your line of fire
I'm not your hero
But I got his desire
