

# Lonely Fight

Mk.gee

She's dancin' 'round like nobody's watching  
She's praying on that somebody would  
Under the lonely night  
Under the lonely sky

She's breaking, shaking, hating  
She's taking no more

You haven't laughed in God knows how long  
You used to cry, but no more  
'Cause only the lonely fight  
It's a lonely fight

When you're breaking, shaking, hated  
She's taking no more (Ooh)

She hasn't laughed in God knows how long  
She waited for him, but no more  
Under the lonely night  
It's a lonely fight

When you're shaking, taking (Hey)  
Hating, when you're breaking hearts (Ooh)

(Only the lonely fight)
