

Num

Mk.gee

Bring me up
And every time you put me down
You ask for more
But you pull my leg to see me drown

You say love
You say love baby
I haven't seen love come around
Yeah I'm so numb
My whole body's shutting down

I wake up
You're still in my fuckin' head
I dream I'm stuck
Now I don't gotta live instead [?]

You can't stand me when you see me smile
Want me to feel hopeless like a little child
You want me to beg for you, on my knees
I'm faking love for you, faking love for me

C'mon baby please
C'mon baby please
Cry for you now, cry for me
