

ROCKMAN

Mk.gee

Hey, hey, hey

Honey

Just shut up and ride
Wherever you are
I want it on fire

Keep it up, you started a war
Keep it up, you started a war
Oh, you can laugh it off
But you started a war (Oh, oh, yeah)
Oh, you can laugh it off
But you started a war (Oh, oh, yeah)
Oh, you can laugh it off
But you started a war (Oh, oh, yeah)
Oh, you can laugh it off
But you started a war (Oh, yeah)

Honey

Look close into my eyes
Whenever I feel
I need you tonight

Keep it up (You started- hah)
Keep it up, you started a war

Can't see you, but I see what you're saying
The little moves that you're making
We can bite down on the world for the taking
The little ones that you're making
Can't see you, but I see what you're saying
The little moves that you're making
We can bite down on the world for the taking
Baby, ooh, can't you take it?

Oh, you can laugh it off
But you started a war (Oh, oh, yeah)
Oh, you can laugh it off
But you started a war (Oh, oh, yeah)
Oh, you can laugh it off
But you started a war (Oh, oh, yeah)
Oh, you can laugh it off
But you started a war (Oh, yeah)
